

About Us

► Based in Egypt

GEOTEX for global trading and export is *based in Egypt*, a land blessed by its fertile soil by the great River Nile and mild weather, both attribute to high quality flavourful crops.

Our unique geographical location puts us in the centre of the world map. Being located in Alexandria in Egypt - a key Mediterranean port - gives us close *proximity to markets* and allows us maximum reach to our clients and business partners.

► Highest Quality

We get audited on a yearly basis and we currently hold the *Global GAP, BRC, ISO9001:2008* certification, we also have a *HACCP* system implemented in our lettuce farm.

► Fully Integrated

We take pride in our *Geotex brand*, which we have groomed to reach highest quality standards and taste.

We are a *fully integrated* organization: we are *farmers, sorters, quality controllers, packers, traders* and finally groomers and marketers of our brand.

GEOTEX is our brand for both our *fruits* and *vegetable* selections.

Farms

We own and control a considerable size of farmland that is managed under strict food safety and quality systems. Geotex continuously seeks to improve its farming strategies and to develop its compliance portfolio

Global Presence

Quality at its Finest

GEOTEX is our brand of premium quality fresh produce farmed, sorted and packaged in Egypt. We are suppliers to renowned supermarket chains and importing wholesalers in Europe, the Middle East and Asia.

Geotex Brand

GEOTEX is our commercial brand for both our fruits and vegetable selections.

Our mission

Is to produce, pack and sell world-class quality fresh produce.

And we see ourselves reaching that by continuous improvement of our farming and harvesting methods, having top-notch cold storage, offering a wide packing variety and cooperation with expert shipping companies to get our products to our clients in top shape.

Last but not least we believe in taking care of our people and grooming our relationships with our suppliers and clients to reach all the latter.

Longevity and continuity are what we seek with our business partners; therefore we have a team of account managers insuring we supply the best quality and attend to pre- and after-sale follow-up.

We are responsible growers; we care about our people, environment and land and therefore provide good working conditions for our workers and apply water preserving irrigation techniques.

Quality

We take quality very seriously, it is the cornerstone of our premium brand Geotex. We get audited on a yearly basis and we currently hold the following quality certificates:

ISO9001:2008

GEOTEX Products & Specs

ORANGES

Navel Orange

belongs to the winter citrus family and categorized as "sweet oranges". They're seedless, peel easily, and are thought to be one of the world's best-tasting oranges.

Count	NAVEL	DEC	JAN	FEB	MAR	APR	MAY	JUNE	JLUY	AUG
	SIZE	36	42	48	56	64	72	80	88	100

Valencia Oranges

Valencia orange belong to the summer citrus family and is categorized as a "sweet orange". Unique for their high juice content and availability outside of the typical citrus season, Valencia oranges are usually thin-skinned and have a few seeds. They are considered one of the best oranges for juicing.

Count	VALENCIA	JAN	FEB	MAR	APR	MAY	JUNE	JLUY	AUG	SEP
	SIZE	48	56	64	72	80	88	100	113	125

Baladi Oranges

Baladi orange belongs to the summer citrus family and is very good for juicing. It has seeds and thin skin. We offer our oranges in the following packaging

Count	BALADI	DEC	JAN	FEB	MAR	APR	MAY	JUNE	JLUY	AUG
	SIZE	72	80	88	100	113	125	138		

LEMONS

Eureka Lemon

The Eureka is a bright yellow lemon. It has a medium-thick, firm rind and skin, white pith and contains few seeds. It is juicy, fragrant and has an oily peel.

Count	EUREKA	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUNE	JLUY
	SIZE	72	80	88	100	113	125	138	155	168

STRAWBERRIES

Festival Strawberry

Festival Strawberry is shaped like a cone; it is deep red and glossy from the outside and bright red from the inside. Sweet and flavourful, its firm texture and its ability to hold flavour make it a great commercial berry. The Festival strawberry plant is unique in that it resists fungal diseases.

LETTUCE

Iceberg Lettuce

Iceberg lettuce is crunchy, crispier in texture than other lettuce varieties and somewhat sweet in flavour.

Count	ICEBERG LETTUCE	DEC	JAN	FEB	MAR	APR	MAY	JUNE	JLUY	AUG
	SIZE	9	10	11	12	13	14			

Romaine Lettuce

Also known as Cos, this variety of head forming lettuce has deep green, long leaves with a crisp texture and deep taste. It grows in a tall head of sturdy leaves with firm ribs down their centers. Unlike most lettuces, it is tolerant of heat.

Count	ROMAINE LETTUCE	DEC	JAN	FEB	MAR	APR	MAY	JUNE	JLUY	AUG
	SIZE	9	10	11	12	13	14			

SPRING ONIONS

Spring onions

Spring onions are sweeter and mellow than regular onions, but the greens are more intense in flavor than scallions.
